18<sup>th</sup> March 2008

Explanatory Note:

1. Kalakshetra Foundation was hitherto assessed the Property Tax by the Chennai Corporation for the property owned by it to the tune of Rs.75, 678/- for every six months. After joining of the present Administrative Officer Sri S. Venkatesan on 1-5-2007 he moved with corporation authorities and met the commissioner and Revenue officer in person and represented that the entire property is being used for educational purpose and as such it is eligible for exemption from payment of property tax duly quoting the relevant rules and Government orders etc. out of his exposure with similar institution and proper approach and constant persuasion. Finally Chennai Corporation issued orders exempting Kalakshetra Foundation from payment of property tax for its entire property retrospectively (with effect from 1-10-1998) from the Second half year of 1998-99.

dear didier,  
it will move now. off to delhi for the finance committee meeting to clear things.  
what the architect wishes to know is whether the installation will be done by the  
provider or by you? i will set a meeting with kumbha or fabien for next week.  
have a great time.

Dear Leela,

We are in receipt of our fees & travel expenses payment, thank you.  
I am still in France, I will be back June 25th, but Fabien & Kumbha are at the  
office almost full time. Kindly contact them as soon as you have an idea about  
timeline for architectural/acoustical implementation (we need to do acoustical  
measurements during the process), also piping & wiring have to  
be embedded within the floor for most of it.

Hope that the project is moving full speed by now.  
Warm Regards

Didier

Dear Ms. Leela Samson,

Please find our Proposal for the Auditorium design work.

You have already 30,000 + tax. This amount will be included in to this proposal. Hope this is agreeable to you.

Look forward to completing the project.

Regards, Kumbha

## Selection of EAW

In the 'line array' category, EAW has the following advantages compared to its direct competition (at an equivalent price range):

- The EAW NTL720 is extremely compact versus dynamic range, there are 10 loudspeaker drivers hosted in each box that is less than 10X24X15 inches big (5 boxes needed on each side) – It will then look very low profile.
- 4 ways design (with subwoofer) that minimizes intermodulation distortion
- No compression drivers: much more natural sound
- in build Digital Signal Processing (DSP) that aligns all components inside the box (called Gunness Focusing ) and allows installers to tune each box individually for a maximum optimization with the venue.
- Computer communication with each box that allows easy setting changes, but also real time monitoring of the state and load of each component/box.
- Very easy rigging if any need arises to access any of the boxes, all with clips, no tools are needed.

*Technically Superior*

At your service for any clarification.

Sincerely,

For Sound Wizard

Kumbha Young Grenier

**Date:** 23<sup>rd</sup> September, 2009

**Subject:** Line array speaker setup and EAW recommendation. ③

Dear Ms. Leela Samson,

The reason for selection of a line array system over traditional speaker system remains the same as in our previous report (reproduced here):

A line array gives a very smooth and even frequency and level response all through the venue. This concept has been selected as being the best option between all traditional ways of amplification (clustered, delayed speakers, stack on stage, etc...).

Our main concerns when selecting this equipment are (by order of priority):

- Transparent system, offering sound enhancement without the feeling of the sound being played through loudspeakers
- Versatile, handling all type of events from dance, theatre plays & fusion music
- Easy to use, the "in house" engineers should quickly be able to operate the system with presets. Any modification in the settings and layout can be applied within a secure interface. After any event using a modified setup, the recall to the original state should be one button away.
- Reasonably priced

**Subject: Responsibility for equipment specification compliance and installation.**

Dear Ms. Leela Samson,

Sound Wizard will be responsible to aid the Kalakshetra Foundation to ensure that all audio video equipment for the renovation of the auditorium is supplied and installed as our specifications.

Our support will cover:

- Receipt of materials as per the specification
- Inspection of quality and condition of the equipments
- Confirmation of quantity
- Testing and certification of equipment
- Supporting installation for all the acoustical works
- Supervision for all audio video equipment installation.
- Technical supervisor may be deputed for checking level
- Certification of payment to the supplier/agency/contractor

Equipment supply order should be placed directly to the agencies after discussing the payment conditions and mode of the despatch / delivery of materials to your site.

At your service for any clarification.

Sincerely,

For Sound Wizard

 subject Our to do list

Dear Leela & Ravi,

Last Friday was a very harmonious and constructive meeting, I am sure that we will all implement each aspect efficiently.

From the meeting, several questions were raised, that were for most of them already answered in the past. But being scattered over 4 years needs to restart on a clear and common ground.

I thought I could compile everything yesterday and send it to you, but to be 100% sure we will go through all and make a consolidated file.

From the meeting, our task list:

- Exact size, weight, positioning of line arrays -> a 3D will be done in order to estimate the visual impact on th
- Exact size and position of in-fill speakers embedded within the steps of the front stage
- Exact size/positioning of all surround speakers, should be marked on Autocad elevations.
- Exact positioning of all equipment racks
- Exact quantity/size of cables in each cable tray, in order to minimize/optimize the trench to be done
- Design of removable drawers/suitcases for all microphone to be stored in a permanently AC place and withir during a rehearsal/show
- Stage monitoring to design as low profile as possible. Need to study a way to embed them at several key po: equivalent very low profile QSC monitoring system might be needed. On the supplier side, it seems not too lat the same budget.
- Study the positioning and way of support of the video projector. Check all compatibility in terms of brightness Screen is 28X16 feet as per existing conditions, placed flush with the stage front (ref as per our pictures)
- Calculate the electrical load off all audio/video equipment at peak usage.
- Select boundary microphones (for feet pick up) most likely CM10B, supplied by Pro Musicals. Qty 3 to 5 wou discussed.

We will revert soon  
 All the best.

Didier

(43)

For Telex products, Digital Projector Design products and Draper products, we could not get competitive quotations. However, due to urgency of the work (this work has to be completed before the start of December festival), and the suppliers for other products have been identified, we may go for the supply for these products under the rates given by them, if approved please.

If approved, the suppliers quoted 'L 1' rates for the different products identified by BEC may be approved for issue of supply orders, terms and conditions specified therein.

Administrative approval may please be given for Rs.2.20 crores (Rupees two crore and twenty lakh only) for supply of these products initially. The detail for this administrative approval is given in Annexure II.

The working committee, after viewing the presentation made of various consultants, nominated Sri Ravi Nilakanta as a Consultant Architect for this job. The sound proofing (Acoustic Panel fixing) work will be undertaken through the contractor after obtaining the Bill of Quantities (BOQ) and specification from the consultant.

BEC also includes some sound proofing work, consulting charges and implementation of works to be done to give an inside view of the total amount involved for this work. However, along with sound equipment work, sound proofing works also to be taken side by side in consultation with M/s.Sound Wizard with the reputed contractors in the same field as identified by the consultant

General terms and conditions to be attached to the supply order to be given are also placed below for approval please.

C:\2009-2010\IV.Director\2.Official\Works.doc

31 October 2009

**Sub: Up gradation of Sound system in Koothambalam - Reg**

During the 32<sup>nd</sup> Governing Board meeting held on 7<sup>th</sup> April 2009, civil works an Advisory Committee was formed to advise the Director in finalizing various contracts towards works undertaken by Kalakshetra foundation during coming years.

One of the major works, which was highlighted by the Secretary, Ministry of Culture, and New Delhi during the visit to Kalakshetra in September 2009, is up gradation of Sound equipment in Koothambalam. For executing this work, simultaneously along with working committee, M/s. Sound Wizard, an expert in sound equipment installations was also engaged as a expert advisor for this project. The selection of Sound Wizard as an expert advisor for the procurement of this equipment was also made a mention to the Governing Board.

For supply of Audio equipments in Koothambalam, Sound Wizard the technical experts has obtained various quotations for the materials required for the job. Based on the quotations received, we have now formalized Bid Evaluation Criteria (BEC) for supply of audio equipments to Koothambalam. From the BEC, it is proposed to issue supply orders to suppliers whose quotation is 'L 1' and who have been certified by M/s. Sound Wizard as the best supplier for the job at the rates specified in the BEC.

Dear Srinivasan ,

This mail comes as a part reminder and part preemptive avoidance for accounting confusion. **Service tax will increase to 12.36% of the billed amount from April 1st onward.** Please take note that all our **outstanding pro forma invoices will only be valid for payments received this month, March 2012.** It is your responsibility to clear current pro forma invoices with the current amounts before the end of the month, as of **next month we will reissue invoices with the higher service tax amounts** as applicable. Sorry for the inconvenience, trust your understanding.

**Your current outstanding (incl all taxes): rs. 6,618/-**

Our bank details below:  
Bank Name: ICICI Bank Limited  
Branch: Auroville Branch, Pondicherry.  
Account Name: Sound wizard  
Account no: 00 560 1027 133  
IFS Code: ICIC 00 000 56

We will issue an original invoice and courier it to you for all payments received.

Thank you.

Best,  
*Kumbha Young Grenier*  
CEO

Dear Sir,

To the best of our knowledge, proforma P834 regarding Mr Kumbha's and Mr Didier's on site visit dating back to September 2015 is still due for payment.

New Proforma number is P34b regarding the same has been made with today's date and updated tax amount.

A hard copy of the invoice will reach you as soon as the funds have been credited onto our account.

The end of the financial year is approaching soon and we would like to close this matter, thank you for your prompt action.

If you have any questions, please come forward and I will be happy to clarify any concern of yours.

Sincerely yours,  
*Cecilia Weiss*

Up gradation of sound systems in Koothambalam is a plan scheme, was taken note of and approved by the G.D. Since this involved highly technical expertise, as before submission of the proposal to the 'Waste Committee' (approved by G.B. Menon) an amendment had to be made on its workability. Hence, it is imperative that an outside expert be called for 'third party opinion'. The consultant is also taken note of by the G.B. Menon. Hence we may approve this payment, before the matter is placed before F.C. Meets scheduled to be held on Jun 2, 2009.
